

Stage & Tech Crew Information & Application for Aladdin Junior

There are two different types of crew for the school musical: stage crew and tech crew.

Stage Crew: Move furniture and set pieces/props for the show. Dress in black and move items between scenes. Time commitment October 16th - November 20th (see rehearsal schedule). Must be able to attend EVERY rehearsal scheduled in that time frame. Please do not apply if you cannot make every rehearsal and performance. The rehearsal schedule is attached. Stage Crew comes early and stays until everything is put away. Students selected must be able to lift and move heavy objects easily. The ability to remain quiet for long periods of time is a must.

Tech Crew: These students are responsible for the technical aspects of the show - sound, lighting and background music. These students should have excellent computer training and the ability to learn quickly. Students must be very responsible with expensive equipment. Any previous experience with running mics, lights, etc. is preferred. The Tech Crew needs to be available October 24th - November 20th (see rehearsal schedule), EVERY scheduled rehearsal. Please do not apply if you cannot make every rehearsal and performance. Students on tech crew make a huge difference in the show, they can enhance or ruin a performance by their efforts. These are stressful positions, so students should be able to react well under pressure.

There is an IMMEDIATE need for a person (or two) to be in charge of music playback for rehearsals. These student(s) will attend all rehearsals for the show with songs in them, including all Dance rehearsals (please see rehearsal schedule). They are considered part of tech crew, and dedication is a must. If two students are selected, they may trade off to share the load.
